**COLE AND CO. INTRODUCES NEW VANITIES TO ITS POPULAR
Bathroom in a Box™ Compendium complete with base, marble top, faucet and sink**

Dallas, Texas June, 2007 ---- Expanding its classical forms Cole & Co., the award winning manufacturer of furniture for the bath, and acknowledged by *Inc 500* as one of this country's fastest growing companies in 2005, expands its popular *Bathroom in a Box™* selections for 2007. Bathroom in a Box is a selection where a vanity cabinet is available in one size, one finish and comes complete with top, faucet and sink. Adding two new vanities to the collection that reflects European, American, and Asian influences, the company debuts the **Charlotte Sink Chest** and the **Ellsworth Chest** featuring classic tones and decorative details.

The **Charlotte Sink Chest** has a luxurious veneered 'Emperador' marble top and backsplash on a glamorous oval chest that features detailed carvings and an antique parchment finish. Beautifully proportioned at 34" wide, this vanity has two centered doors that contain an adjustable shelf and storage area. An aged brass sink, faucets and cross handles complete the look that makes this chest a must have for traditional living spaces.

In contrast is the **Ellsworth Chest**, an old world vanity made of hardwood solids and cherry veneers. The piece looks like an antique store find with a combination of open and concealed storage spaces. The black marble top with aged brass sink and faucet give this piece a bold yet sophisticated presence in any bathroom.

Cole & Co's vanities contain design elements that make strong statements and are versatile for all styles and budgets. Currently there are three primary Cole & Co. collections—Designer Series, Custom Collection, and Premier Collection—all available through distinguished kitchen and bath showrooms across the United States and priced competitively for architects, interior designers, homebuilders and consumers.
