Cole & Co. Announces Alliance with DuPre Industries-
The Country's Premium Solid Surface Supplier

Dallas, TX June 2, 2006 --- Cole & Co., the Dallas based award-winning manufacturer of bathroom cabinetry, furniture and accessories, and one of Inc 500's fastest growing companies, announced today its alliance with DuPre Industries, one of the country's leading suppliers of stone and solid surface materials. In the total package agreement signed earlier this month, DuPre Industries will manufacture solid surface, quartz and natural stone tops for Cole & Co. for its Top 100 builder and major hospitality clients.

The arrangement allows Cole & Co. greater latitude to seek further growth in its key markets by providing a greater depth of products. "We can now develop product that fits all the design needs of our customer's projects with options that we were not able to offer before. DuPre Industries is a good alliance for us in this respect, they bring us expertise and superior product offerings we only had limited access to before," states Christopher Cole, President and Founder of Cole & Co.

DuPre Industries, a national fabricator and service provider, has over 25 years of state-of-the-art solid surface experience and 40 years experience in stone fabrication. Based in North Texas, the company is located within close proximity to Cole & Co.'s corporate headquarters in Dallas and caters to three distinct markets: Production Builders, Custom and Remodeling, and Commercial. Not unlike Cole & Co., DuPre works closely with the most respected high-profile homebuilders in the nation.

The alliance reinforces Cole & Co.'s commitment to excellence by being able to deliver a superior product as a one source service to its customers at volume pricing. "It is a win-win situation for everyone," explains Cole. For further information on Cole & Co., its principals and its products, visit www.vanitybath.com or contact: Nicole Gill-Ottinger 312.228.8030
