COLE AND CO. INTRODUCES NEW VANITIES TO ITS POPULAR DESIGNER SERIES *Bathroom in a Box™* – The COMPLETE Vanity – base, marble top, faucet and sink

Expanding its classical architectural forms Cole & Co., the award winning manufacturer of furniture for the bath, and acknowledged by *Inc 500* as one of this country's fastest growing companies in 2005, expands its popular *Designer Series* for 2006. Adding four new vanities to the collection that reflects European, American, and Asian influences, the company debuts four new pieces that feature classic and soft contemporary styles.

The total package that is *Bathroom in a Box™* - where the vanity cabinet is available in one size, one finish and comes complete with top, faucet and sink - stars the **St. Charles Sink Chest** that features a unique overhang with spindle column accents. Beautifully proportioned at a full 30" wide, the vanity has elegant and subtle veneer striping on a masculine cabinet. Luxurious black marble top and brass faucet complete the look and style that makes this chest a must have for traditional living spaces.

In contrast is the **English Manor Demilune Chest** that characterizes European heritage. This antique reproduction has three doors that open to reveal necessary storage. Similarly structured is the **Livingston Demilune Chest**, a distinctive addition to the collection with beaded panels and rich warm tones. The fluted brass sink adds to its classical tones. A coordinated marble top, backsplash and aged brass faucet synchronizes the piece.

Cole & Co's vanities contain design elements that make strong statements and are versatile for all styles and budgets. Currently there are four Cole & Co. collections—Designer Series, Custom Collection, Premier Collection and Urban Theory—all available through distinguished kitchen and bath showrooms across the United States and priced competitively for architects, interior designers, homebuilders and consumers.
